Directions for Questions 20 to 24: *The following bar chart (Figure 3.11) shows the composition of the GDP of two countries (India and Pakistan).*

20. What fraction of India's GDP is accounted for by services?
    (a) 6/33 (b) 1/5th
    (c) 2/3rd (d) None of the above
21. If the total GDP of Pakistan is ₹10,000 crore, then the GDP accounted for by manufacturing is:
    (a) ₹200 crore (b) ₹600 crore
    (c) ₹2,000 crore (d) ₹6,000 crore
22. If the total GDP of India is ₹30,000 crores, then the GDP accounted for by agriculture, services and miscellaneous is:
    (a) ₹18,500 crore (b) ₹18,000 crore
    (c) ₹21,000 crore (d) ₹15,000 crore
23. Which country accounts for higher earning out of services and miscellaneous together?
    (a) India
    (b) Pakistan
    (c) Both spend equal amounts
    (d) Cannot be determined

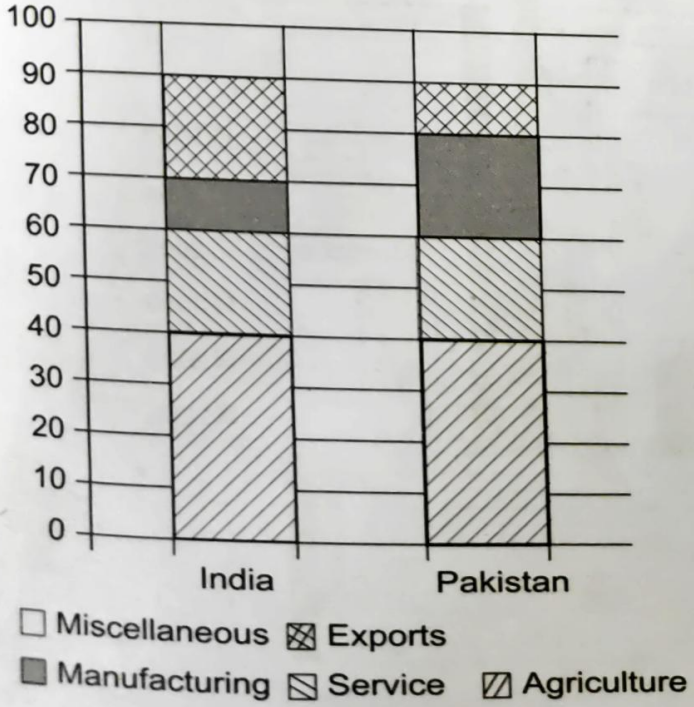

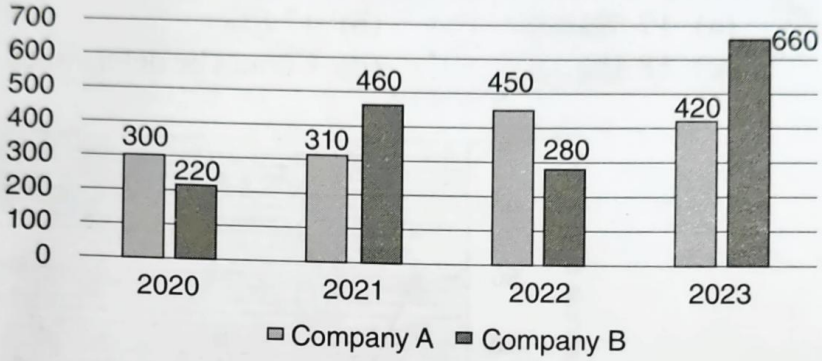

FIGURE 3.11 *Composition of GDP of Two Countries*

24. If the total GDP is the same for both the countries, then what percentage is Pakistan's income through agriculture over India's income through services?
(a) 100% (b) 200%
(c) 133.33% (d) None of these

Directions for Questions 25 to 28: *The bar graph given below shows the production of company A and B in the given four different years.*

Note: In a year, total production = Total number of products sold + Total number of products unsold.

25. Half of the production of company A in the year 2022 is what per cent more or less than three-fifth of production of same company in the year 2020?
(a) 25% (b) 80%
(c) 125% (d) 75%

26. Find the average number of the production of company B in the year 2020, 2021 and 2022.
(a) 320 (b) 240
(c) 280 (d) 354

27. In the year 2024, the total sold products are 10% more than the production of company B in the year 2021 and total unsold products are 100 more than the production of company A in the year 2022. Find the total production in the year 2024.
(a) 1000 (b) 1024
(c) 1048 (d) 1056

28. Production of company A and company B in the year 2024 over the previous year has increased by 20% and 25% respectively. What is the total production of both the companies together in the years 2023 and 2024?
(a) 1796 (b) 2256
(c) 1850 (d) 2409

Directions for Questions 1 to 4: *The following chart (Figure 3.6) represents the number of students of Mind-workzz at its Lucknow centre who passed the CAT exam or the XAT exam or the CMAT exam or none of these exams. (Assume that there are no students who passed more than one exam.)*

1. What was the percentage of students who cleared CAT in 2010?
   (a) 19.56%
   (b) 12.65%
   (c) 14.28%
   (d) 11.76%

2. What was the percentage of students who succeeded in at least one of the three exams in 2010?
   (a) 82.4%
   (b) 82.8%
   (c) 82.35%
   (d) 83.3%

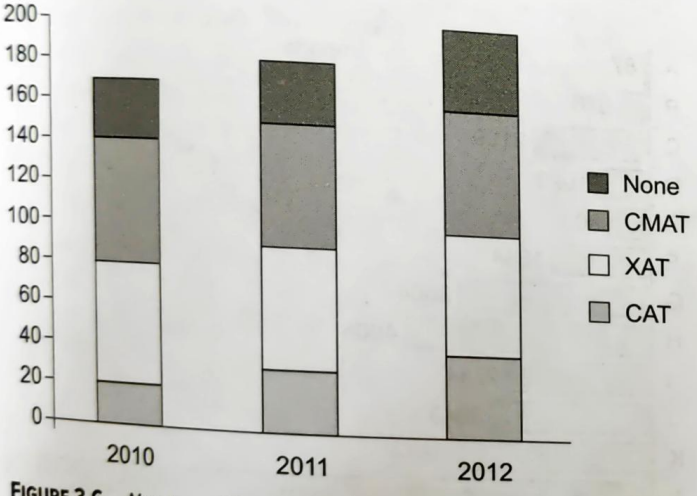

FIGURE 3.6 *Number of Students who Qualified CAT/XAT/CMAT Exams*

3. Which year showed the best result in MBA entrance exams for the institute (in terms of percentage of students who cleared)?
   (a) 2010
   (b) 2011
   (c) 2012
   (d) Cannot be determined

4. What is the percentage increase in the number of students in 2012 over 2010?
   (a) 30%
   (b) 17.64%
   (c) 117.6%
   (d) 85%

Directions for Questions 5 to 9: *Study the following bar chart (Figure 3.7) carefully and answer the questions given.*

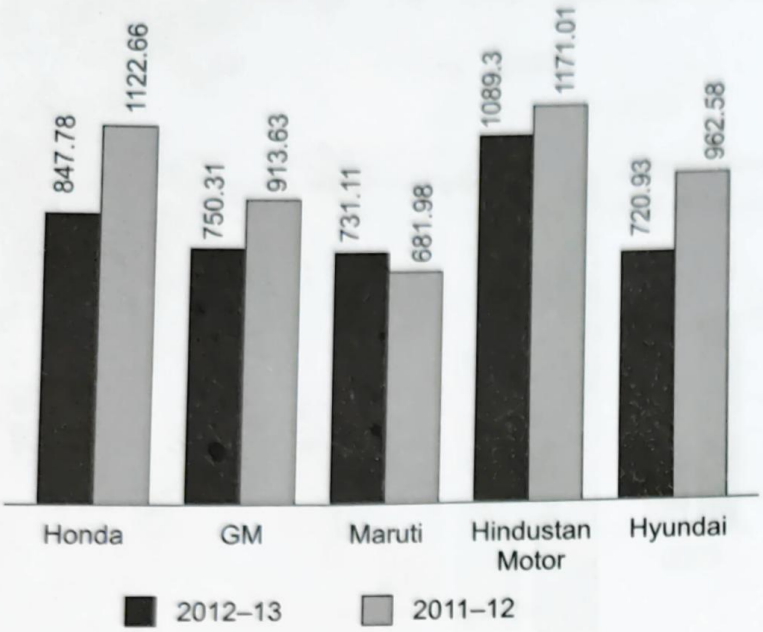

FIGURE 3.7 *Sales Turnover of 5 Companies (in ₹ crore)*

5. What is the approximate difference between the average sales turnover of all the companies put together between the years 2011–12 and 2012–13?
   (a) 133.45 (b) 142.48
   (c) 117.6 (d) None of these
6. What should have been the sales turnover of GM in 2012–13 to have shown an excess of the same quantum over 2011–12 as shown by the sales turnover of Maruti?
   (a) 953.76 (b) 963.76
   (c) 952.76 (d) 962.76
7. Which of the companies shows the maximum percentage difference in sales turnover between the two years?
   (a) Honda (b) GM
   (c) Hyundai (d) Maruti
8. What is the percentage change in the overall sales turnover of the five companies together between 2011–12 and 2012–13?
   (a) 17.21% (b) 14.68%
   (c) 12.67% (d) 21.24%
9. What is the absolute change in the overall sales turnover of the five companies together between 2011–12 and 2012–13?
   (a) 712.43 (b) 142.48
   (c) 683.53 (d) None of these
